## **ABOUT THE GARDENS OF GOLDEN GATE PARK**

**The mission of Gardens of Golden Gate Park is to connect people to plants, the planet, and each other.**

Gardens of Golden Gate Park is a public/private partnership between the San Francisco Recreation & Park Department and the San Francisco Botanical Garden Society (SFBGS) to jointly operate the Conservatory of Flowers, Japanese Tea Garden, and San Francisco Botanical Garden. A Lease & Management Agreement between RPD and SFBGS, approved by both the Recreation & Park Commission and the Board of Supervisors, sets the terms of the partnership. The agreement is a cooperative management agreement that outlines the roles and responsibilities for each partner.

Key areas of responsibility for SFBGS include volunteer engagement, education, visitor experience, philanthropy, membership, marketing, and other functions. RPD has primary responsibility for horticulture and facility management and maintenance, master planning and capital improvements conducted in collaboration with SFBGS, as well as other functions. Together, RPD and SFBGS collaborate on collections management within the Gardens.

**The Conservatory of Flowers** is a national, state, and local landmark and a place of exceptional beauty. Built in 1879, the Conservatory was the first formal structure erected in Golden Gate Park and remains an internationally renowned icon, displaying and cultivating unusual plants to heighten awareness of the pressing need to preserve threatened rainforest environments.

**The Japanese Tea Garden** is the oldest operating public Japanese garden in North America. This garden provides visitors from around the world with an opportunity to experience the natural beauty, tranquility, and harmony of a Japanese-style garden and was originally created as an exhibit for the 1894 California Midwinter International Exposition.

**San Francisco Botanical Garden** opened in 1940 and is a 55-acre living museum within Golden Gate Park, showcasing 8,000 different kinds of plants from around the world. San Francisco's oceanic climate with cool dry summers, mild wet winters, and presence of fog allows the Garden to grow a diverse array of species from around the world.
